<EXPERIENCE/>

Full Stack Developer | [Jan - 2023]

Dynamic and motivated Full Stack Developer with 8 months of hands-on experience in both front-end and back-end technologies.

1. Developed and maintained user interfaces using HTML, CSS, and JavaScript, React-Js ensuring a seamless and responsive design.

2. Implemented server-side logic using Node.js, contributing to the back-end functionality of web development.

3. Utilized MongoDB for efficient data storage and retrieval.

4. Collaborated with team members on the full development lifecycle, including planning, coding, testing, and deployment.

5. Integrated Redux for state management, enhancing application performance.
